#### Introduction

The Year 2017: in many ways an extraordinary, but also challenging year for all of us at Child's Dream.

One would assume that, after having been in operation for more than 14 years, a certain consolidation is setting in and things become a bit more routine, hence boring. We also often hear the questions, 'What's next, Marc and Daniel? After 14 years of building up and running Child's Dream, monotony and boredom must be weighing you down". Trust us, NOT AT ALL!!!

2017 was yet another outstandingly interesting and fulfilling year, but it was also one of the most demanding years when it comes to the workload on all of us. Thanks to our amazing team members, the heavy workload was mastered with ease and never before were so many projects implemented, programmes run and improved, and beneficiaries reached. All three of our focus groups progressed in their work, so we want to share a few highlights of our working year, addressing beneficiaries in Myanmar, Cambodia, Laos and Thailand.

In September, our "Health" group had reason to celebrate. The Children's Medical Fund Programme accepted its 1,500<sup>th</sup> child for treatment. Close to five million US Dollars were spent, since inception in 2006, on this life-saving programme. Without the incredible dedication of our health team, many of these little children would have perished.

Our "Basic Education" team has made big leaps forward in 2017. What started with building schools and boarding houses back in 2004, resulted in tens of thousands of children having access to education for the first time. But then, it's not just about providing access; it's increasingly about the quality of education and the relevance of what is taught. Our increased focus on quality and relevance will further strengthen the educational systems of our target countries.

Creating responsible leaders and specialists is the main focus of our "Higher Education" group. Change makers will be able to sustainably and positively shape the future of their respective countries. We are happy to see that our past success in Myanmar is more and more filtering through in the other three countries. In 2017, the first ever Alumni Conference was held in Laos, a sign of a maturing scholarship programme.

On a more macro level, we finalised our strategy for the coming five years and revised our vision and mission statement to be more precise and to the point.

Vision: Empowered people responsibly shaping their communities

Mission: Improving health and education for sustainable development

And as a Child's Dreamer, we certainly always hope that some of our own dreams become true. Having worked in Myanmar and with Burmese beneficiaries for over 14 years, one such wish became reality in 2017. Child's Dream Myanmar Association, registered in Yangon, was born in the summer. Not in our wildest dreams, some years ago operating under the radar of an oppressive regime, did we think that our own charity registration in Myanmar would ever become a reality.

On the sad side, we are certainly disturbed and distressed by the recent events in Rakhine State, Myanmar. We truly hope for the future of the country that this humanitarian crisis can be solved quickly without inflicting any further damage on people.

Though we have said this again and again, our tremendous impact on tens of thousands of children and youth would not have been possible without the very generous support of all our donors and

friends. Having such a loyal, engaged and caring donor base means the world to us. Many, many thanks!

And finally a big thank you to the most amazing team on earth. We are proud of each and every team member in the Child's Dream family and thank you all for your tremendous dedication to helping children and youth in need. You are our heroes!

Alone we can do so little; together we can do so much!!!

Daniel Marco Siegfried Founder & Head Projects

Marc Thomas Jenni Founder & Head Operations

## Consolidated Financials 2017

Below, please find the consolidated financial figures of Child's Dream Foundation Thailand and Child's Dream Association Switzerland.

Comprehensive audited annual reports of both legal entities can be found on our webpage www.childsdream.org.

## **Balance Sheet (in CHF)**

	31.12.2017	31.12.2016
Assets		
Current assets		
Liquid assets	6,622,218	6,273,466
Financial assets	26,031	1,485
Non-current assets		
Fixed assets	642,030	622,358
Total Assets	7,290,279	6,897,309

Liabilities, Funds and Capital		
Current liabilities		
Liabilities	315,433	227,815
Funds and Capital		
Paid-in capital	8,825	8,488
Restricted funds	1,863,716	1,450,782
Capital of the Organisation	5,248,170	5,110,018
Surplus&Loss for the year	- 145,865	100,206
Total Liabilities, Funds and Capital	7,290,279	6,897,309

#### **Notes**

- 1) For consolidation purposes, a foreign exchange rate of 33.9935503 between CHF and THB was applied in 2017. For 2016 a FX rate of 35.3427586 was the basis for calculation.
- 2) The yearly FX rate is the weighted average resulting from 'Donation Transfers' between Child's Dream Association Switzerland and the receiving entity Child's Dream Foundation Thailand.

#### Information for Donors

The following link gives you an overview of the different ways to financially support us.

#### http://childsdream.org/donate/

Donations are possible via bank transfer, credit cards, PayPal, cheques and bitcoins.

If you are interested in making a bequest to us in your will, please get in touch with one of the two founders.

#### **Donors from Switzerland**

Swiss-taxed donors can deduct donations from their taxable income. Please get in touch with us if you require a tax receipt.

#### Donors outside of Switzerland

We have set up legal entities or have entered into co-operation agreements with feeder organisations in the following countries:

- Australia
- France
- Germany
- Hong Kong
- Italy
- Luxemburg
- The Netherlands
- United Kingdom
- United States of America

Donors domiciled in the above-mentioned countries can claim tax relief on their donations to Child's Dream if they follow the donation path indicated under the respective country. More information can be found at <a href="http://childsdream.org/donate/">http://childsdream.org/donate/</a>

#### Introduction

The Year 2017: in many ways an extraordinary, but also challenging year for all of us at Child's Dream.

One would assume that, after having been in operation for more than 14 years, a certain consolidation is setting in and things become a bit more routine, hence boring. We also often hear the questions, 'What's next, Marc and Daniel? After 14 years of building up and running Child's Dream, monotony and boredom must be weighing you down". Trust us, NOT AT ALL!!!

2017 was yet another outstandingly interesting and fulfilling year, but it was also one of the most demanding years when it comes to the workload on all of us. Thanks to our amazing team members, the heavy workload was mastered with ease and never before were so many projects implemented, programmes run and improved, and beneficiaries reached. All three of our focus groups progressed in their work, so we want to share a few highlights of our working year, addressing beneficiaries in Myanmar, Cambodia, Laos and Thailand.

In September, our "Health" group had reason to celebrate. The Children's Medical Fund Programme accepted its 1,500<sup>th</sup> child for treatment. Close to five million US Dollars were spent, since inception in 2006, on this life-saving programme. Without the incredible dedication of our health team, many of these little children would have perished.

Our "Basic Education" team has made big leaps forward in 2017. What started with building schools and boarding houses back in 2004, resulted in tens of thousands of children having access to education for the first time. But then, it's not just about providing access; it's increasingly about the quality of education and the relevance of what is taught. Our increased focus on quality and relevance will further strengthen the educational systems of our target countries.

Creating responsible leaders and specialists is the main focus of our "Higher Education" group. Change makers will be able to sustainably and positively shape the future of their respective countries. We are happy to see that our past success in Myanmar is more and more filtering through in the other three countries. In 2017, the first ever Alumni Conference was held in Laos, a sign of a maturing scholarship programme.

On a more macro level, we finalised our strategy for the coming five years and revised our vision and mission statement to be more precise and to the point.

Vision: Empowered people responsibly shaping their communities

Mission: Improving health and education for sustainable development

And as a Child's Dreamer, we certainly always hope that some of our own dreams become true. Having worked in Myanmar and with Burmese beneficiaries for over 14 years, one such wish became reality in 2017. Child's Dream Myanmar Association, registered in Yangon, was born in the summer. Not in our wildest dreams, some years ago operating under the radar of an oppressive regime, did we think that our own charity registration in Myanmar would ever become a reality.

On the sad side, we are certainly disturbed and distressed by the recent events in Rakhine State, Myanmar. We truly hope for the future of the country that this humanitarian crisis can be solved quickly without inflicting any further damage on people.

Though we have said this again and again, our tremendous impact on tens of thousands of children and youth would not have been possible without the very generous support of all our donors and friends. Having such a loyal, engaged and caring donor base means the world to us. Many, many thanks!

And finally a big thank you to the most amazing team on earth. We are proud of each and every team member in the Child's Dream family and thank you all for your tremendous dedication to helping children and youth in need. You are our heroes!

Alone we can do so little; together we can do so much!!!

Daniel Marco Siegfried

Founder & President

Marc Thomas Jenni

Founder & Vice-President

#### Reference to our Consolidated Financials 2017

Child's Dream, as a charitable organisation, consists of Child's Dream Association Switzerland and Child's Dream Foundation Thailand. In order to give you an overview of our work, the consolidated financials are available on our website.

This audited Financial Report 2017 only reports on the work of Child's Dream Association Switzerland. The financial statements are audited according to the latest Swiss standards. The audit report can be found on page 22.

#### **Our Mandate**

Child's Dream Association is a charitable association with the purpose of supporting underprivileged communities in the Mekong Sub-Region, which comprises Myanmar, Laos, Cambodia and Thailand. The association is at liberty to extend its geographical reach, especially in Asia. The association concentrates, first and foremost, on the support of children and youth. Adults can also be considered, especially – but not exclusively – when support would lead to an improvement in their health or educational situation and would increase the socio-economic opportunities of entire communities. The main purpose of the association's activities is the improvement of health and education. Furthermore, the association is entitled to contribute to emergency aid in the event of a disaster. The association reaches its goal in close cooperation with the communities affected.

The association can work with or cooperate with either national or international organisations which follow the same or similar objectives. The objectives have no commercial purpose, nor do they serve any personal interests of the members. The activities of the association serve the interests of the general public only and are not-for-profit.

#### **Our Board**

#### **Attachment**

#### **Accounting Principles**

The financial statements are prepared in accordance with the accounting recommendations KERN FER as well as SWISS GAAP FER 21 (stipulated for chartiable and social non-profit organisations) and comply with the Swiss Code of Obligations as well as the provisions of the Articles of Association.

The financial statements give a true and fair view of the assets as well as the financial and earnings situation of Child's Dream Association, Zurich.

#### **Accounting and Valuation Principles**

Unless otherwise stated in the individual balance sheet items described, the balance sheet items are assessed at fair value on the date of the balance sheet. The accounts are kept in Swiss francs. Assets and liabilities in foreign currencies are calculated at the exchange rate on the date of the balance sheet.

#### **Principles of Cash Flow Statement**

The cash flow statement represents the change in the organisation's liquidity as a result of cash inflows and outflows from operating activities, investment activities and financial activities during the reporting period.

#### **Statement of Changes in Capital (in CHF)**

#### Cash and cash equivalents

	2017 CHF	2016 CHF
Cash balance	34,231	60,068
Cash and cash equivalents are invested at the following banks:		
Swiss banks	5,833,423	5,426,448
Thai and Laos banks	240,978	125,554
Total liquid funds	6,108,632	5,612,070

#### **Securities**

The net market values of the investement funds amounts to	24,161	1,126

#### **Restricted funds**

Restricted funds are earmarked for a determined purpose by a third party. Its use is therefore restricted.

#### **Capital of the Organisation**

Capital without restrictions by third parties, or with the purpose of being used by the organisation itself, are stated in the capital of the organisation.

#### **Explanatory notes on the Statement of Operations**

#### Income

For further details please refer to the comments in the performance report.

#### **Donations**

Total donations received increased by around CHF 867,000 or 13% compared to the previous year.

#### **Direct project expenses**

Direct project expenses increased by around CHF 352,000 or 9% compared to the previous year.

#### **Administration expenses**

The administration expenses are not assigned to projects. An allocation would be proportional to the project expenses.

#### **Personnel expenses**

Total amount of remuneration to members of the Management Board and the Executive Board. The personnel expenses of CHF 123,445 include social security, pension fund and health insurance contributions for the two Founders in a total of CHF 35,966.

#### Transactions with related, though legally independent organisations

In 2017, restrited donations of CHF 2,649,238 were transferred to the related Child's Dream Foundation, Thailand.

#### **Additional information**

#### Number of full-time jobs

The full-time equivalents on average for the year were neither more than ten staff units in 2017 nor in the previous year.

#### Donations in form of free items, free services and volunteering

In 2017 no free gifts were registered.

#### **Cash Flow Statement 2017**

	CHF
Profit of the year	91,195
Increase of restricted funds	424,952

# **Impact Report 2017**

#### **Basic Education**

*Building schools:* Our goal is to provide basic education for all children, thereby increasing the literacy rate and laying the foundations for a productive and self-determined life. This also reduces school drop-out rates, increases the rate of continuation from primary to secondary school, and encourages parents and communities to promote their children's school education.

*Myanmar:* We have built 14 schools with 51 classrooms for 3,487 students (1,761 girls / 1,726 boys) and 186 teachers (127 women / 59 men). We also built 34 toilets.

*Cambodia:* We have built 15 schools with 67 classrooms for 4,256 students (2,099 girls / 2,157 boys) and 118 teachers (67 women / 51 men). We also built 41 toilets.

Building boarding houses: Our goal is to provide shelter to children and young people from very remote places, as well as to increase the living and hygiene standards in the boarding houses. This way we enable children from remote areas to gain access to education and we improve learning environments that ensure the welfare and safety of children and adolescents.

*Myanmar:* We have built 2 boarding houses including dining rooms and kitchens for 116 students (80 girls / 36 boys). We also built 6 toilets.

*Cambodia:* We have built 7 boarding houses for 286 children (153 girls / 133 boys). We also built 18 toilets.

Building Computer Laboratories: It's our goal to provide children and youth from remote places with computer skills which enhance their chances for higher education and a better placement in the employment market. For this reason we supplied two schools in Myanmar and one High School in Cambodia with a fully equipped computer room benefitting 3,650 students (2,104 girls /1,546 boys). This enables them to learn with a practical approach and it further improves their learning environments.

Stationary Programme - Myanmar and Cambodia: We support KSEAG (Karen State Education Assistance Group) in Myanmar to ensure that as many students as possible have access to stationary. In 2017, 175,075 children and 11,061 teachers in 1,450 schools benefited from this programme. In Cambodia too we run a project providing stationary for 2,460 students in 11 schools.

*Various extensions, renovations and supporting activities:* Existing buildings, and buildings previously errected by us occasionally need financially support to add extensions or perform needed renovation work.

Solar charging stations - Cambodia: we have built 2 solar charging stations for communities with a total of 168 families (806 people) in order to supplement the partly already existing - but often insufficient - power supply system with an alternative energy source.

*Playgrounds - Cambodia:* 10 playgrounds were built next to schools benefitting 1,744 students (833 girls / 911 boys). The teachers were instructed by us how to use them correctly.

*Water systems - Cambodia:* one water tanks was built to provide a school with water. 120 students (59 girls / 61 boys) benefit from this project.

*High school programme - Cambodia:* Academically strong students are financially supported so they can attend high school. In 2017, 245 students (165 girls, 80 boys) received a high school scholarship.

School Health Programme - Cambodia: Through this programme, we are increasing health and hygiene standards in schools by teaching students and teachers how to keep their school clean and healthy. In 6 schools, 1,463 students (724 girls, 739 boys) were taught about this topic.

*Career planning programme - Cambodia:* Various training courses are offered to help 900 students in their career planning and to increase their opportunities on the labor market.

#### **Higher Education**

Higher education in Myanmar: In our various programmes of higher education, Myanmar youth are trained, so that they may later promote the development of their country. Various educational institutions and vocational training centres are in charge of preparing students for the labor market, subjects are taught in classes, and additional knowledge gained through internships or other work experiences. A total of 6,244 (2,743 women, 3,501 men) are supported by these programmes. In addition we built 3 learning centres and 1 boarding house in support of those programmes.

Higher education for Burmese refugees and migrants in Thailand: Burmese refugees and migrants in Thailand are supported by special education programmes where they receive higher education or are prepared for a university degree. Overall, 264 trainees (132 women, 132 men) benefit from these projects.

*Higher education in Cambodia:* We support Puthi Komar organisation in its work to improve the quality of education in Cambodia. In 2017, 1,200 young people were able to benefit from this.

University Scholarship Programme: A total of 178 students from Myanmar (39 women, 42 men), Laos (29 women, 36 men) and Cambodia (20 women, 12 men) are enrolled at accredited universities in Thailand, Laos and Cambodia. We focus on fostering future leaders and specialists. This programme already has 203 alumni (Myanmar: 80 women, 71 men, Laos: 18 women, 34 men, Cambodia: none yet).

"Mote Oo": This programme aims at improving curricula. Workshops are held, teaching material is produced and the quality of the teaching is generally improved. Around 8,000 beneficiaries benefited from this programme in 2017.

TKMI - Programme for intercultural education: This training centre deals with mediation of religious conflicts and promotes peace through a social science education. The school is provided training to 30 students who in turn conducted classes with 2,500 young people in 2017.

**NEED** - Our model farm: A model farm was established years ago in Myanmar to grow organic products, whose product sales should cover the farm's running costs in the future. The farm annually attracts 35 students who are trained in agriculture.

#### Health

Health programmes in Myanmar: Various programmes aim at strengthening the awareness of health with teachers and students and to ensure that our high hygiene and health standards are met and maintained in schools. The number of beneficiaries of these health measures for children was 5,280 in 2017.

Drug and alcohol rehabilitation and training in Myanmar: Drug and Alcohol Recovery and Education (DARE) was founded in 2000 by a Canadian addiction recovery specialist and local ethnic leaders after witnessing the social destruction caused by orchestrated drug and alcohol dependence within ethnic minorities in Myanmar. DARE programme holds addiction education workshops, aims to give culturally appropriate treatment, and recruits addiction worker trainees and village coordinators in 30 villages in Hpa An District, Kayin State, Myanmar. We trained 13,406 people in 600 One-day-training sessions on drug and alcohol abuse and treated 76 patients at the treatment centre.

# Responsibility for Project Work (by legal entity)

Child's Dream Association Switzerland is responsible for the realisation of projects in Myanmar and Cambodia, whereas Child's Dream Foundation Thailand invests in Thailand and Laos.

Further information can be obtained by downloading the following reports from our website:

- Financial Report 2017 of Child's Dream Foundation Thailand
- Consolidated Financials 2017 for both legal entities

#### Information for Donors

The following link gives you an overview of the different ways to financially support us.

#### http://childsdream.org/donate/

Donations are possible via bank transfers, credit cards, PayPal, cheques and Bitcoins.

If you are interested in making a bequest to us in your will, please get in touch with one of the two founders.

#### **Switzerland**

Swiss-taxed donors are able to deduct donations from their taxable income. Please get in touch with us if you require a tax receipt.

#### **Donors outside Switzerland**

We have set up our own legal entities or have entered into co-operation agreements with feeder organisations in the following countries:

- Australia
- France
- Germany
- Hong Kong
- Italy
- Luxembourg
- The Netherlands
- United Kingdom
- United States of America

Donors domiciled in the above-mentioned countries can claim tax relief on their donations to Child's Dream Association if they follow the donation path indicated under the respective country. More information can be found at <a href="http://childsdream.org/donate/">http://childsdream.org/donate/</a>

## **Contact Information**

Please visit us!

We are happy to show you where and how we work. It would be a privilege to bring our very special world a bit closer to you.

Please get in touch with us prior to visiting our field offices in Yangon and Siem Reap since our project staff are on the road for the vast majority of their time.

# Report of the Auditor

To the General Meeting of Child's Dream Association c/o RA Philipp Kruse Kruse Tax & Law Feldeggstrasse 54 8008 Zürich

Basle, February 9, 2018 SR/r

#### Report of the statutory auditors on the financial statements 2017

As statutory auditors, we have examined the financial statements as shown on pages 7 to 11 (balance sheet, statement of operations, Cash flow statement, statement of changes in capital and notes) of Child's Dream Association for the year ended December 31, 2017. In accordance with Swiss GAAP FER 21, the disclosures in the performance report (pages 12 to 16) are not subject to auditing by the auditors.

These financial statements are in accordance with Swiss GAAP FER, the statutory regulations and the deed of Association as well as the regulations is the responsibility of the Managing Committee. Our responsibility is to perform a limited statutory examination on these financial statements. We confirm that we meet the licensing and independence requirements as stipulated by Swiss law.

We conducted our examination in accordance with the Swiss Standard on the limited statutory examination. This standard requires that we plan and perform a limited statutory examination to identify material misstatements in the financial statements. A limited statutory examination consists primarily of inquiries of company personnel and analytical procedures as well as detailed tests of company documents as considered necessary in the circumstances. However, the testing of operational processes and the internal control system, as well as inquiries and further testing procedures to detect fraud or other legal violations, are not within the scope of this examination.

Based on our limited statutory examination, nothing has come to our attention that causes us to believe that the financial statements do not give a true and fair view of the financial position, the results of operations and the cash flows in accordance with Swiss GAAP FER and do not comply with the Swiss law, the deed of Association and the regulations.

#### Introduction

The Year 2017: in many ways an extraordinary, but also challenging year for all of us at Child's Dream.

One would assume that, after having been in operation for more than 14 years, a certain consolidation would have set in and things become a bit more routine, hence boring. We also often hear the questions, 'What's next, Marc and Daniel? After 14 years of building up and running Child's Dream, monotony and boredom must be weighing you down". Trust us, NOT AT ALL!!!

2017 was yet another outstandingly interesting and fulfilling year, but it was also one of the most demanding years when it comes to the workload on all of us. Thanks to our amazing team members, the heavy workload was mastered with ease and never before were so many projects implemented, programmes run and improved, and beneficiaries reached. All three of our focus groups progressed in their work, so we want to share a few highlights of our working year, addressing beneficiaries in Myanmar, Cambodia, Laos and Thailand.

In September, our "Health" group had reason to celebrate. The Children's Medical Fund Programme accepted its 1,500<sup>th</sup> child for treatment. Close to five million US Dollars were spent, since inception in 2006, on this life-saving programme. Without the incredible dedication of our health team, many of these little children would have perished.

Our "Basic Education" team made big leaps forward in 2017. What started with building schools and boarding houses back in 2004, resulted in tens of thousands of children having access to education for the first time. But then, it's not just about providing access; it's increasingly about the quality of education and the relevance of what is taught. Our increased focus on quality and relevance will further strengthen the educational systems of our target countries.

Creating responsible leaders and specialists is the main focus of our "Higher Education" group. Change makers will be able to sustainably and positively shape the future of their respective countries. We are happy to see that our past success in Myanmar is more and more filtering through in the other three countries. In 2017, the first ever Alumni Conference was held in Laos, a sign of a maturing scholarship programme.

On a more macro level, we finalised our strategy for the coming five years and revised our vision and mission statement to be more precise.

Vision: Empowered people responsibly shaping their communities

Mission: Improving health and education for sustainable development

And as a Child's Dreamer, we certainly always hope that some of our own dreams become true. Having worked in Myanmar and with Burmese beneficiaries for over 14 years, one such wish became reality in 2017. Child's Dream Myanmar Association, registered in Yangon, was born in the summer. Not in our wildest dreams, some years ago operating under the radar of an oppressive regime, did we think that our own charity registration in Myanmar would ever become a reality.

On the sad side, we are certainly disturbed and distressed by the recent events in Rakhine State, Myanmar. We truly hope for the future of the country that this humanitarian crisis can be solved quickly without inflicting any further damage on people.

Though we have said this again and again, our tremendous impact on tens of thousands of children and youth would not have been possible without the very generous support of all our donors and friends. Having such a loyal, engaged and caring donor base means the world to us. Many, many thanks!

And finally a big thank you to the most amazing team on earth. We are proud of each and every team member in the Child's Dream family and thank you all for your tremendous dedication to helping children and youth in need. You are our heroes!

Alone we can do so little; together we can do so much!!!

Marc Thomas Jenni Founder & President Daniel Marco Siegfried Founder & Vice-President

# Reference to our Consolidated Financials 2017

Child's Dream, as a charitable organisation, consists of Child's Dream Foundation Thailand and Child's Dream Association Switzerland. In order to give you an overview of our work, the consolidated financials are available on our website.

This Audited Financial Report 2017 only reports on the work of Child's Dream Foundation Thailand, and is, therefore, not comprehensive. However, it is a legal requirement to publish this audited financial statement. The audit report can be found on page 14.

#### **Notes**

- 1) The financial statements are prepared in accordance with the accounting recommendations KERN FER as well as SWISS GAAP FER 21, (stipulated for chartiable and social non-profit organisations) but audited according to Thai audit standards.
- 2) Income and expenditure are recorded on a cash basis.
- 3) Administration expenditures are not allocated to projects. An allocation would be calculated proportionally to the project costs (according to Swiss GAAP FER21, Rz. 26).
- 4) The consolidated administration expenditure of Child's Dream Foundation (Thailand) and Child's Dream Association (Switzerland) was 5.7%.
- 5) No statement of change in capital was compiled.
- 6) A funds flow statement has not been compiled (according to Swiss GAAP FER21, Rz. 27).
- 7) There are currently no liabilities concerning projects; otherwise, this would be disclosed in the following 'breakdown on project expenses'.

# Report of the Auditor

## INDEPENDENT AUDITOR'S REPORT

The committee of Child's Dream Foundation

## Report on the Audit of the Financial Statements

## **Opinion**

We have audited the financial statements of **Child's Dream Foundation** (the Foundation), which comprise the statement of financial position as at December 31, 2017, and the statement of income for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Foundation as at December 31, 2017, and its financial performance for the year then ended in accordance with Thai Financial Reporting Standards for Non-Publicly Accountable Entities.

## **Basis for Opinion**

We conducted our audit in accordance with Thai Standards on Auditing. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Foundation in accordance with the Federation of Accounting Professions under the Royal Patronage of his Majesty the King's Code of Ethics for Professional Accountants together with the ethical requirements that are relevant to our audit of the financial statements, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with Thai Financial Reporting Standards for Non-Publicly Accountable Entities and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Foundation's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Foundation or to cease operations, or has no realistic alternative but to do so.

#### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Thai Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Standards on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also

- Identify and assess the risks of material misstatement of the financial statements,
  whether due to fraud or error, design and perform audit procedures responsive to those
  risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for
  our opinion. The risk of not detecting a material misstatement resulting from fraud is
  higher than for one resulting from error, as fraud may involve collusion, forgery,
  intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit
  procedures that are appropriate in the circumstances, but not for the purpose of
  expressing an opinion on the effectiveness of the Company's internal control.

• Evaluate the appropriateness of accounting policies used and the reasonableness of

accounting estimates and related disclosures made by management.

• Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

 Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying

transactions and events in a manner that achieves fair presentation.

We communicate with management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
